In the Hotel Fanes Spa, the fusion of alpine and classic concepts of health and vitality create a unique sense of harmony and balance.

ELEMENTS SAUNA

HOTEL FANES

It is a cylindrical base sauna suspended approx. 9 meters from the ground that rotates on itself and thanks to a large window gives a breathtaking view of the surrounding Dolomites. In analogy to the 5 elements of ancient traditions: earth, air, water, fire and ether, the choice of materials with which the sauna was built inspired by the 5 elements that form nature: wood, fire, earth, metal and water. Therefore it reflects the concept of a continuous and reciprocal interaction of these forces thus guaranteeing the natural and balanced cycle of life.

FANES SPA by CAVEAU BEAUTÉ
