Between Charm and Nature

The sublime beauty of winter in the Dolomites and the glamour of a large winter sports area add a touch of extraordinariness to your skiing holiday in Alta Badia.

The Dolomiti Wellness Hotel Fanes has various room categories, each of them characterized by sophisticated and refined details.

A spacious, alpine inspired dining room as well as numerous indoor and outdoor recreational areas, offer a special place for everyone.

The personalized service provided combined with the elegance of our venue offer the best you could ever ask for: comfort, elegance, exclusivity of a luxury hotel in the middle of the unique beauty of the Dolomites.

Health, Relaxation and Wellness

At Hotel Fanes Spa, the fusion of Alpine and classical concepts of health and vitality create a unique sense of harmony and balance.

A pine sauna, salt bath, sanarium, Turkish steam bath, brine Jacuzzi, panoramic relaxation room with vitality corner, indoor pool, outdoor brine pool and Alpine sauna in the garden are waiting for you.

Elements Sauna

Elements is the latest addition to the Fanes world.

It is a cylindrical base sauna suspended approx. 9 meters from the ground that rotates on itself and thanks to a large window it gives us a breathtaking view of the surrounding Dolomites. In analogy to the 5 elements of ancient traditions, earth, air, water, fire and ether, the choice of materials with which the sauna was built was made taking inspiration from the 5 elements that form nature: wood, fire, earth, metal and waterfall. Therefore it reflects the concept of a continuous and reciprocal interaction of these forces thus guaranteeing the natural and balanced cycle of life.

Fanes SPA by Caveau Beauté

The Fanes Spa is pleased to announce that the collaboration with the Maison Caveau Beauté has blossomed in absolute completeness in the entirely dedicated Spa. The partnership continues with new treatments and new products specifically created in complete synergy with the Dolomiti Wellness Hotel Fanes.

Sky Pool

Our new 25 meters panoramic pool represents “The New Fanes Pearl”. You can enjoy an amazing panoramic view on a beautiful sunny day, lying comfortably on a sunbed next to the pool or plunging into the warmth of the Jacuzzi.

Art of cooking

Pleasure for all the senses

Regional and Mediterranean menus made with attention to quality and ingredients, to offer lightness and nourishment, without sacrificing taste.

Restaurant

With its sophisticated atmosphere, Alpine flair, first-class service as well as delightful creations from our kitchen crew you will get nothing less than a superb dining experience.

Wine cellar

Our wine cellar deserves to have a visit, for a tasting experience with friends or for a special dinner in a magical setting. We are delighted to be able to spoil your palate and make you spend an unforgettable evening with the best selected regional and international wines.

Chalet Fanes

Eight unique and exclusive Chalets welcome all our guests in a total well-being atmosphere. Large glazed surfaces blend the external environment with the internal one. The wide glass window reinterprets traditional proportions. Under the modern inner lamps reflections stand out solid wood furniture elements created by local craftsmen, enhanced by the contrast with the ancient local tradition chests. Exclusive and spacious bath-rooms embellished with Lasa marble give life to unique and authentic private spas.

Dolomites Mountain SPA Suite

Three charming and unique "relaxation oasis" sized 90-120 sqm, they are certainly the ideal solution for a couple looking for a romantic stay or a family seeking for a peaceful holiday.

As a precious gem shining at the roof top level, the Wellness Suite is a special location for a well-being and relaxation stay surrounded by the wonders of the UNESCO World Natural Heritage: "The Dolomites".

A large double bedroom, a wide typical South Tyrolean living room, a sumptuous stylish bathroom furnished with Lasa marble and a wide terrace that spans the valley at a glance.

They are characterized by their "wellness core", enhanced with a Finnish sauna, steam bath and exclusive Jacuzzi that overlooks the valley.

Natura Loft

Seven new "exclusive refuges" with a surface of approx. 100 sqm, embellished by a private sauna, fireplace and a wide terrace from which the Dolomites rise to the sky in perfect cinemascope format. Each Natura Loft is a spacious open space, designed to create a natural balance between traditional mountain elements and the most innovative technology.

The interiors are made with fine woods coming from Alta Badia valley.

We consider the use of natural and eco-sustainable materials very important for the personal well-being.

Cocoon Suite

The Cocoon suites are considered the real jewel of the Dolomiti Wellness Hotel Fanes. These most recent suites, with their 55 sqm of pure design, allow the couple to enjoy time for themselves and to stay in a welcoming and refined environment where everyone's privacy is respected. The Cocoons are special spaces in which you are cuddled indoors by natural materials such as oak wood, wool and bark, and outdoors with the incomparable panorama of the Dolomites, a UNESCO heritage site. Double wardrobes with three doors each, double sinks, presence of both shower and bathtub, these are the choices that aim to make guests live an even more exclusive experience.

Rooms & Suites

Absolute luxury and indulgence awaits each guest at the Hotel Fanes. All our rooms and suites are indulgently appointed with elegant interiors, which provide an exceptionally comfortable and unique feel. They are generous in size and furnished with refined, highquality, modern as well as native materials. The majority of them also have a private balcony with panoramic views of the Dolomites.
